Principal’s Message

HATS HATS HATS

It has come to both the school's and P&C’s attention that the strap at the back of the school cap is coming unsewn after a short period of wear for some students.

We are in the process of following this up and need more information about how many of the new caps this has happened to. While we will be changing suppliers, it was discussed at the P&C meeting on Monday night that something further needs to be done with the company who originally supplied the caps.

Your help will be invaluable. Please contact the office on 4295 1924 to let us know if the sewing that holds the tabs together at the back has come undone. We will then collate this data and return the information to the supplier.

Fete Meeting

The first Fete meeting will be held this Monday, 20th October at 1:40pm under the COLA outside the school hall. This committee will begin putting ideas together for a Fete in 2015. We would love to see you there.

School Disco

Another great disco was held last Friday night. The children enjoyed bopping along to great music and they loved munching on their sausage sandwich and guzzling a cool drink. A big thanks to all the parent volunteers who made the evening possible. Also thanks to Mrs Silvey, Mrs Hockey and Mrs Hendriks who stayed to supervise the event!! Truly a fantastic night.

Maths Levy

Thanks to all those families who have already paid the Maths levy. This is a friendly reminder that the Maths levy is $25.00 per child, capped at $50.00 for families with two or more children. This levy goes towards the cost of Mathletics and increased paper usage now the school no longer utilises a single text book.

School enrolments for 2015

We are now accepting enrolments for 2015. If you have a child or know of a child who is in area and will be enrolling in 2015, please come to the office for an enrolment form.

If you will be leaving the school in 2015 could you please let the office know as we are already making plans for the 2015 school year.

See you around in the playground!!

Science Resources
In science this term students will be conducting a series of experiments. To conduct these experiments we require some items that you may come across in your household recycling.
- Clear plastic drink bottles, less than 1L (e.g. Mount Franklin or Pump water bottles, pop top juice containers, 750mL soft drink containers)
- Empty metal cans, 400g size (e.g. tinned tomatoes, soup)
These items can be placed in a box located in Mrs Gibson Dean’s room. While it is not necessary to remove labels, could you please rinse out any containers before placing them in the box so that we do not attract any ants.
Thank you in advance for your assistance. Mrs Gibson Dean
