Principal’s Message

Parents in the Playground

We welcome parents and carers into our playground when dropping off or picking their children up from school. In the mornings, a number of parents and children are remaining on the concrete area out the front of the Stage One or Stage Two buildings. Please read the table below as it sets out what is expected of students and teachers before school. We appreciate parent support in ensuring all children are following the school rules at all times.

If your child has expressed a concern to you about another student, you must speak to their teacher or an executive to discuss your concerns. Under no circumstance are you to approach or address your concerns directly to another child on school grounds or in the vicinity of the school. If you approach or speak inappropriately to children, I may restrict your access to the school in the best interests of all students, teachers and parents. Please see the attached information in today's newsletter that outlines “What we expect of parents while on school grounds”.

Nationally Consistent Collection of Data on School Students with Disability

Notification for Parents and Carers

From 2015, all Government and non-Government schools across Australia are required to participate annually in the Nationally Consistent Collection of Data on School Students with Disability (NCCD).

All Australian schools will collect data on their students who are receiving adjustments to meet additional learning and support needs in accordance with their obligations under the Disability Discrimination Act 1992 and Disability Standards for Education 2005. This data will be provided to the Australian Government to assist in the development of a consistent, national picture of the education needs of students with disability.

The data provided to the Australian Government by the NSW Department of Education and Communities is provided in such a way that it cannot be used to identify any individual student or school.

If you have any questions about the data collection please do not hesitate to contact

WHAT DO WE ASK OF PARENTS WHILE ON SCHOOL GROUNDS?

Schools are protected by law, as inclosed lands, and as such a certain standard of behaviour is required of students, staff and parents while on site.

We ask that:

1. Parents use appropriate language (e.g. no swearing in the presence of students)

2. Remain calm and refrain from aggressive, abusive, threatening and harassing behaviour

3. Refrain from approaching students, other than your own child, over matters that may have occurred involving yourself or your child as it is the school’s responsibility to do this

4. Refrain from interrupting the learning environment of the classroom unless necessary

5. Collect your child promptly from school

Failure to do so can result in the issuing of the ‘Inclosed Lands Act’ or the ‘Crimes Amendment Act’, both of which will involve a ban on you entering the premises at any time and/or a heavy fine or sentence.

School enrolments for 2016

We are now accepting enrolments for 2016. If you have a child or know of a child who is in area and will be enrolling in 2016, please come to the office for an enrolment form. If you are out of area, you can make an application for Kindergarten 2016. A panel will review all applications and will determine at this time if out of area placements are available. Please view the school enrolment policy on our website for more information.

If you will be leaving the school in 2016, could you please let the office know as we are already making plans for the 2016 school year.
